

Here's how the paintsite blog is going to work to begin with.

1) You can submit **one** painting or sketch from each paintsite along with your name and a brief comment if you wish to make one.

2) Email a jpg of your image to paintsites@scvws.org.

Label your email "Paintsites Blog" so we can find your email easily

JPG's must be less than 1MB.

JPGs should be labeled with your last name and the name of the paintsite i.e.

WaddellUvasCanyon2011.jpg

Images should be cropped to just show the artwork. Please do not include backgrounds/mats/frames/ sketchbook bindings etc., that way the art will appear as large as possible.

3) Sylvia or Jenny will be initially responsible for posting the images along with your name/comment and details of each paintsite.

4) We will use the Thursday paintsite day as the deadline for submission of the previous paint site's images. That way you will usually have 2 weeks to submit images after each paint site takes place.

5) By all means finish your paint site paintings at home before submission.

6) Only work relevant to SCVWS paint sites will be included on the blog.

7) Anyone will be able to view the blog.

8) It is possible to leave comments on the blog if you have a google email account.
