Here is our recommended supply list for Plein Air Painting. If you are new to plein air it is better to bring less equipment to begin with so that you are not weighed down with stuff to carry. If you want suggestions on what equipment to buy, come along to one of our painting sessions and check out the variety of set ups that our artists have. Everyone is welcome.

Sylvia Waddell and Jenny Tero, SCVWS Paintsite Coordinators, 2006 – May, 2014
