Annelein Beukenkamp is an award winning watercolorist and Signature Member of the Vermont Watercolor Society, who has always enjoyed art and the creative process. Her childhood, which was spent in the Netherlands, inspired a true love and appreciation for flowers, many varieties of which are now depicted in her works.

Her new book "Flower Power" can be viewed on <http://www.blurb.com/bookstore/detail/661330> This book presents Annelein's beautiful, loose, colorful watercolors. This fabulous watercolor style is what Annelein will be presenting in our workshop.

The title of our workshop is "Creating a Dynamic Still Life with Flower Power. In Annelein's workshop you will learn to create flowers that speak, have character and convey a message. If you love flowers and you love the loose painting style, you will be captivated by this artist and this workshop.
